A Danville dispatch says: The arrest of James Edward Humes in Cincinnati on a charge of embezzlement has caused quite a sensation here among his friends in the city. He has been running a piano store here for the past year and has done well and made many friends.

At the meeting of the U. D. C. Mrs. Geo. H. Bruce and Mrs. Graham Price were appointed delegates to the National Convention of the United Daughters of the Confederacy, which meets at St. Louis in October. Phil Bernhardt will, on next Sunday, take charge of the New Benge Hotel and restaurant, succeeding Mr. Benge, who goes to Stanford. On account of his health, Mr. Benge was forced to quit the business.—Advocate.

Says a Lexington dispatch: A touching incident in connection with the Confederate reunion held here was the meeting between Col. D. W. Tribble, of Richmond, and Mr. Isaac Hutchinson, of this city, both of whom were members of Gen. John H. Morgan's command. The men had not seen each other since the memorable struggle of 40 years ago in which they both took part. When Col. Tribble left Camp Chase, where he was a prisoner, he was furnished money by Mr. Hutchinson to buy clothes and get back home. Their meeting resulted in many old memories being revived.

WHAT IS CATARRH?

Hyomei Only Guaranteed Cure for This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs.

Offensive breath, dryness of the nose, pain across the eyes, pain in back of the head, pain in front of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, cough, a stitch in side, losing of flesh, variable appetite, low spirited at times, raising of frothy mucus, expectorating yellow matter, difficulty in breathing, frequent sneezing, huskiness of voice, discharge from the nose, stoppage of the nose at night, aching of the body, droppings in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of the throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse nights and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Penny emphasizes it by agreeing to refund your money if Hyomei does not cure.

THE Lexington Democrat makes a great campaign offer of its Sunday and daily edition from now until after the November election for \$1. This is about a cent a copy and is not only the cheapest daily you can get but the best democratic organ you can read during the present campaign. This office will take your order for the Democrat but the cash must invariably accompany it.

When troubled with constipation try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no gripping or other unpleasant effect. For sale by all Druggists.

A Trip To Boston and Other Historic Cities.

Early impressions made from childhood's First History, and the advanced works which I read later on of my country's history, produced in me a desire to visit some of the first battle fields made famous as being the beginning or foundation of one of the greatest countries on earth, and still greater desire to meet with my comrades and participate in the grand parade in Boston, induced me to make my recent Eastern tour.

On the 14th day of August, I and my traveling companion, Jacob Rigney, boarded the Q & C at McKinney at 1:18 P. M., arriving at Cincinnati at 7 o'clock. After having been transferred from the Central to the Pennsylvania Lines' depot, we boarded one of their splendid trains at 8 o'clock, traveling by way of Columbus, Pittsburg, Harrisburg, Philadelphia, thence to Jersey City, New York, New Haven, Conn., and Providence, R. I., arriving in Boston about 10 A. M. after two days and nights of continuous traveling. Being a little tired I rested a short while, breakfasted and then sought Boston Common, near which point the parade of the old boys started. This parade is conceded by all to be one of the most successful and interesting made by the Grand Army since its organization. It is true that it was quite warm, but there had been constructed at proper intervals stands from which the ladies of Boston (God bless them) issued sparkling cups of lemonade to the veterans as they passed. And this refreshment coupled with the splendid music of the department bands and drum corps, inspired us with energy and we stepped to time throughout the whole line of march.

After visiting many points in Boston, such as the place where the Tea Party came off, the Navy Yard and the White Squadron, which was lying in the harbor, and witnessing the successful launching of a new vessel, the Columbia, we visited Charlestown, Bunker Hill monument and Charles river, where the British fleet operated during the battle of Bunker Hill. Also the Commons, where the school boys were insulted, for which they demanded redress from British officers.

We had the pleasure of standing on the battle field of Old Lexington, where the first shots were fired at the beginning of the Revolutionary war, June 19, 1775. We then traveled on to Concord, where another battle was fought on the same day. We saw several houses of Revolutionary fame, one of them the Hancock house, from which he and Adams made their escape from British soldiers when Paul Revere made his famous ride to carry news of the plans of the British.

Markers and monuments stand on these old battlefields. Gen. Raum made a speech at Concord standing at the foot of a bronze statue of a Minute man. A Kentuckian made a good talk, standing on the ground and line of battle at Old Lexington. Veterans of Maine, Vermont and Massachusetts, with their wives and daughters, gave him a hearty ovation. JOAB RIGNEY.

Sour Stomach.

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by all Druggists.

What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle, yet thorough. Only 25c at Penny's Drug Store.

KINGSVILLE.

After a prolonged absence we will try to write another letter to the "cheapest and best."

Mrs. James Roy and son, Jas. Roy, Jr., who have been spending the Summer here, are pleasantly located at Miss Daly's boarding house on E. High Street, Lexington. Master James will enter the Dudley school there.

The reunion Thursday, Friday and Saturday was quite a success. Good crowds, good speaking and amusements of various kinds. The Middleburg band furnished good music. All the politicians were on hand making friends and votes.

Hon. R. C. Warren spoke Friday afternoon and was very vigorously applauded. He is extremely popular here. Hon. J. S. Owsley, Jr., T. Jeff Hill, Sr., T. D. Newland and others were here, all looking as if sure to be elected. D. C. Allen was here in his handsome new runabout, driving the girls about and incidentally electioneering. Ex-Sheriff S. M. Owens alone was conspicuous for his absence, but he was doubtless absorbed in oil. Dr. W. B. O'Bannon was here with a lovely young lady and was in consequence the envy of youngsters. The crowd was very orderly and the reunion a very pleasant occasion to the old soldiers and others.

Mrs. W. L. McCarty, who has been ill for the past four weeks, is convalescing. Her sister, Mrs. Gooch, who has been at the point of death, is also improving. John Howe, of Harrison, has returned home, after a visit to his parents here. W. R. Campbell has returned to Lexington. C. D. Evans spent a few days at Nicholasville. Miss Annie McKee went to Stanford Friday, where she will begin teaching Monday. Miss Geraldine Moore and little brother, J. D. Moore, of Boone county, will return home Saturday after an extended visit to their grandparents, Mr. and Mrs. J. L. Johnson. Mack Williams spent a few days with his mother here. The following terms have been adopted by the board of trustees of the Graded School for scholars outside the district, viz: 1st, 2nd and third grades, \$2 per month; 4th, 5th, 6th and 7th grades, \$2.50; 8th and up to collegiate, \$3.25 per month.

On Wednesday P. M. while W. G. Cowan was standing in his front yard lightning struck a hay stack about 40 yards in front of him, stunning him severely, knocking his horse down and burning the stack of hay. Gill feels the effect of the shock yet, it leaving his muscles sore and a headache with it.

DEMOCRATIC TICKET.

For President.

ALTON BROOKS PARKER,
of New York.

For Vice President.

HENRY G. DAVIS,
of West Virginia.

For Judge Fifth Appellate District,
JUDGE JAMES E. CANTRILL,
Of Georgetown.

ABOUT 200 democratic editors, with a party of their friends, the entire number being more than 600, visited Judge Alton B. Parker at Rosemount and after addresses and an informal reception were entertained at luncheon. Charles W. Knapp, editor of the St. Louis Republic, delivered the address in behalf of the delegation, and Judge Parker responded in a brief political speech, in which he compared the republican and democratic administrations, and emphasized the need of retrenchment and reform in the affairs of the Federal Government.

THE Chicago butchers' strike has proven to be the worst failure on record. The men have lost \$5,000,000 in wages since it began and their places besides so they will only be taken back as individuals as their services may be needed. Not a single point was gained by the men who, if they get work at all, will get it at lower wages. The Butchers' Union evidently needs a head.

SENATOR JAMES B. MCCREARY predicts democratic success at the polls in November, claiming that the bulk of the independent vote will be cast for Judge Parker. Prominent democrats of New York and New Jersey say those two States will be found in the democratic column.

LOUISVILLE is growing rapidly now. Last week she had 101 births and only 86 deaths. The Falls City will soon be as large as Brer. Campbell thinks Somerset is

OUR model young governor will do some good campaign work this fall. His clarion voice will be heard from many stumps in Kentucky.

To the Democrats of Lincoln County:

I am a candidate for the democratic nomination for the office of judge of the Lincoln county court. I think I may be allowed to say that previous experience in this line of public duty will be accepted by you as some evidence of reasonable fitness for this station.

JAS. P. BAILEY

POLITICAL.

John Sharp Williams announces that he will make a speech in Louisville in October.

Editor R. D. Thornbury, of the Lebanon Falcon, has announced his candidacy to represent Marion county in the next Legislature.

The "Regular" republicans of Delaware have declined the proffer of the Addicks faction for harmony and a single republican State ticket.

The democrats of Wyoming have nominated John E. Osborne for Governor. Utah democrats have nominated James H. Moyle for Governor.

It is probable that Judge Parker will take up a temporary residence in New York City in order that he may be in closer touch with the party leaders.

Latest estimates of the cost of constructing the Isthmian canal are \$145,000,000, and Admiral Walker thinks that it will require eight years to complete the work.

Senator McCreary has made the following appointments to speak: At Carrollton on Monday, September 19; at Harrodsburg on Saturday, September 24; at New Castle on Monday, October 3.

Leading Democrats of New York claim that Judge Parker will carry the State by from 30,000 to 40,000 votes. They point out that harmony prevails among the Democrats, while the Republican factions are at war.

Hon. R. W. Miller, the popular and eloquent young chairman of the Madison County Democratic Committee, was today declared without opposition for the second time, the nominee of his party for the Legislature, says the Richmond Register.

Information comes from Frankfort that Judge Cantrill, acting on the advice of his physicians, will not preside at the September term of the Franklin circuit court. Gov. Beckham at once named the Hon. John D. Carroll, of Henry county, to act as special judge during the term.

The republicans of Garrard in convention to send delegates to the Congressional convention at Nicholasville, split and held separate conventions. The anti-Bradley forces, led by Capt. Wm. Herndon, made a good showing, almost completely composed of white men. The Bradley men were 90 per cent. Negroes.

Little interest was manifested in the county mass Republican conventions held in the Eighth and Ninth districts Saturday to select delegates to district conventions at Nicholasville Wednesday and Cynthiana to-day to nominate candidates for Congress. Seven of the 10 counties in the Eighth district instructed for Nelson D. Miles, of Jessamine county, who will be nominated. As there was no announced candidate in the Ninth district most of the delegations were sent un instructed.

President Roosevelt's formal letter of acceptance of the Republican nomination for the presidency has been issued to the public. It is an exhaustive defense of the record of the Republican administration. More space is devoted to the tariff and the Philippines than to other issues of the campaign. In the concluding paragraph of his letter he asserts that there is "not a policy, foreign or domestic, which we are now carrying out which it would not be disastrous to reverse or abandon."

ADDITIONAL LOCAL.

THE Graded School opened yesterday with 209 pupils.

FOR SALE.—100 barrels of lime at 75c per barrel. E. T. Pence & Co.

MR. ASHBY M. WARREN, of Mobile, Ala., is here with his parents and friends, who are delighted to see him looking so well. He is greatly pleased with his Southern home.

NO OIL.—Mayor A. B. Florence, who is drilling for oil in Cumberland County, was here a few days resting up and attending to his official duties. He has only drilled one well and in that one failed to find the greasy fluid.

MISS MARGARET INGELS, of Paris, who has been selected as a campaign speaker by Thomas Taggart, and who has been making her home in Lexington for the past month, left Sunday for New York where she will complete the itinerary of her speech making tour. She will begin her work about the third week of September. Miss Ingels is fairly well known in this section, where she has taken part in a number of entertainments.

MATRIMONIAL.

On account of their extensive friendship in the counties in which they live, invitations will not be sent to either Casey or Lincoln to the marriage of Mr. Charles F. Montgomery to Miss Mary Carpenter at Hustonville Sept. 25th, but a general invitation is extended the friends of the exceedingly popular pair.

An action has been brought at Covington to test the constitutionality of the new law passed by the last Legislature which requires all registered voters to have and present a certificate of registration before they can vote.

Two firemen were probably fatally hurt, nine buildings were destroyed and four others badly damaged by fire at Haysborough, a Pittsburg suburb.

Col. William Hynes, a Republican candidate for Congress in Indiana in 1888, has declared for Parker for President.

A board of survey has recommended the construction of new marine barracks at Mare Island to cost \$400,000.

BRING or send us your prescription and we will give thorough and accurate work. Our prices are reasonable and in accordance with the skill and material required. Penny's Drug Store, Stanford, Ky.

Having been in the Tailoring business all my life I feel confident in saying I represent one of the best tailoring firms in the country. With my experience in taking measures, and directions I give, your clothes are bound to be satisfactory as my many patrons in this line will bear me out. My prices are the same as inexperienced men who are in the business. I also have a nice line of fancy chevrot and other suitings I will cut and make if you desire at a moderate price. Thanking you for past favors, I am, yours,

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHESTER, GA., Jan. 30, 1922.

Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent better.

KILLS GERMS OF CATARRH

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that Penny will agree to refund the money if you say Hyomei has not cured you.

The complete Hyomei outfit costs but \$1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents.

To Our Patrons!

After assuming the office of manager of the Stanford Water, Light & Ice Co., I find a great many leaky yard hydrants that are proving a great expense to the company in the waste of water and I respectfully urge all patrons whose hydrants are out of gear to repair same at once, or I will be compelled to cut the water off until the hydrant is repaired. All patrons who have sprinkling privileges are earnestly requested to use the water only in front of their property (and not outsiders) all that is absolutely necessary, but the water contracted for with the Company is not for the purpose of making mud-holes and such like. If any person is found violating these rules, I will be forced to cut the water off.

Your attention is invited to some of the Stanford Water, Light & Ice Co.'s rules and regulations as follows: All water and light rents must be paid quarterly, in advance, on the 1st day of January, April, July and October. For willful or unreasonable waste of water, the supply of water will be stopped. No one will be allowed to supply water to other families. All persons are required to keep stop cocks and private hydrants in good repair and protected from frost and prevent any unnecessary waste of water. The Company agrees to furnish water for a certain specified use for a certain sum, persons using water for any other purpose than that stated in receipt, will be required to pay full price for water furnished. Free access to all pipes and fixtures must be had for examination by the Manager of Company. For the violation of any of the above rules or non-payment of rent, the company reserves the right to turn off the water without notice.

An Ordinance passed by the City Council makes it a fine of five dollars to hitch a horse or other animal to any fire plug or hydrant.

All persons knowing themselves indebted to the Stanford Water, Light & Ice Co. to July 1, 1904, for water and lights, are requested to liquidate their account at once, as the Company needs the money. I will be at Penny's Drug Store every day between 9 and 10 o'clock a. m. to receive your water and light rent.
